

TRUSTED PARTNER SINCE 2001

*Creating an Office Experience
that people Love!*

I'm an extrovert! I miss people and I cannot wait to go back to the office!

I LOVE working from home, I DON'T want to return to the office.

There is no substitute for face-to-face interactions.

WHAT
DO WE
DO?

I cannot focus at home, there are too many distractions.

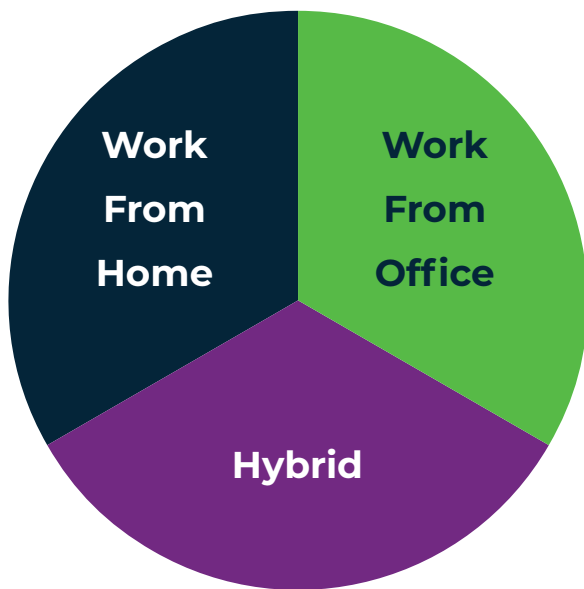

If I could work from home 2 days per week, that would be ideal!

My commute is BRUTAL! I save 2 hours every day working from home. I am much more productive.

The Return-2-Office Solution

If this sounds like some of the feedback you are hearing from your employees, we can help!

Many companies are adopting a work model that accommodates those who want to work remotely, those who want to return to the office, and those who desire a hybrid model.

Do your employees have everything they need to be successful working from home? Do they need a part-time or full-time office near their home? You can outsource YES! as your Workplace Facilities Manager to coordinate with your existing team.

YES! can manage this shift in your workplace by:

1. Coordinating with **HR** to survey employee optimal workstyle and satisfaction, ensuring your team has the tools they need and performance guidelines to be successful.
2. Coordinating with your **Facilities** team to find an office near their home and manage those service agreements. If your corporate headquarters needs to be redesigned to accommodate these changes, we can help with that as well.
3. Coordinating with your **Real Estate Team** to manage your budget allocated for workspace.

Maximize productivity & employee satisfaction while minimizing costs.
